Note

Refce. - Letter No 895 dated the 23rd April 1897 from the Senior Surgeon and Sanitary Comm^{re} with the Govern^{mt} of Mysore.

Subject - Mr. E. S. Krishna-
samy Iyer, Assistant Surgeon,
being ranked senior
to Mr. S. V. Ramaswami
Iyengar, Assistant Surgeon
in the Gradation List.

Mr. E. S. Krishnaewami
Iyer was first of all
appointed as Sub Asst^t
Surgeon, 2nd class, from
the 4th June 1888. He
was promoted to Assistant
Surgeon, 3rd grade, from
the 28th October 1889, and

Both these Officers are
now in one and the same
grade.

3. In his memorial of the
18th April 1897, Mr. E. S.
Krishnaswami Iyer ~~states~~
submits for the Consideration
of Government, that when he
was appointed as Sub-
Assistant Surgeon in 1888,
the then Senior Surgeon
Dr. Mc Gann assured
him that every one who
entered the service would
begin service as Sub-
Assistant Surgeon;

that while so and
when he had more
than 4 years service
in the Medical Dept^t
and

and 3 years service as
 Assistant Surgeon, 3^d grade,
 he was undeservedly
 superseded by the apptt.
 of Mr S. V. Ramaswami
 in October 1892
 Iyengar, as Assistant
 Surgeon, 2nd grade;

that Mr S. V. Ramaswami
 Iyengar obtained the
 M. B., and B. M. degree
 a year later than himself,
 both of them having been
 class mates in the Madras
 Medical College;

that Mr S. V. Ramaswami
 Iyengar's acquirement
 of a diploma from an
 examining body in Edin-

in contemplation to take Mr.

I do not think Dr.
an appl. made in 92
for H. H. to take charge
of work cannot be justified
now. Men of superior
qualifications must be over
the heads of others.

There is no reason for
any one to be dissatisfied
with Mr. S. R.'s work
appointed made on the
ground of superior
qualifications. I am
surprised that Mr. H.
has thought it fit to
not to put forward the
nominal at the length
of time. Let us see what
could be done for him when
the proposal for the revision of
the scale of medical officers
is vet. as it ^{is} needed. I think
if it has not already been
vet. in the office.

This & several other Appl
Surgeons have reason to com-
plain of the appointment in
question. Mr. Krishna Rao's
recent appointment has
also given dissatisfaction -
It is a pity this representation
was not made earlier. It
not too late, I beg to suggest
that Messrs. Ramakrishna
& Krishna Rao be placed
outside the grades & be
given special official
designations. They are both
specialists and may rise
each in his own line without
prejudice to the officers in the
regular medical service
of the State.

note on the proposed
revision of ^{met. lts. in Mysore}
Considering that the
area of each district in Mysore
is much smaller than
that of Madras and
that the whole of the
Mysore Province will not
equal 3 of the largest
districts in Madras, I think
our present number of
Civil Surveys (four)
is ample for our
requirements at present.

Special Allowances
to Asst Surveys
who are long
in the service

2 In para 12 ^{of his letter 211} D. Benson
says that, for the
present there would be
only 4 Distt Metd Offrs
and he wants to reserve
four more ^{appointments} to be given
to Asst Surveys after
they have completed
3 years approved service
in the i. grade. I
think there is no
necessity for increasing
the number of Distt Metd Offrs.

If an' superiors of the
1st grade, ^{the most deserving amongst them} ~~be~~ ~~the~~
remain in that pos -

sition, for some years
for want of vacancies,
the best plan is to
grant special or personal
allowances after a certain
period, which allowances
will cease when
promoted to the District -

3. Dr. Henson admits, in
his DO of 26th Inst, that
the salaries in Mysore
compared with Madras
are the same. If so,
no sufficient grounds exist
for an revision of the
scale or for more
pay, especially when
we bear in mind, that
the area of a Madras
Distt ^{much} ~~is~~ is ^{much} ~~is~~ ^{larger} &
consequently the rate also
is higher than in Mysore
Distt - It is not correct,

But see the

I think, to compare the salaries of Dist Officers with those of ^{officers of} Revenue and other Deptts of the State. It is said that the Surgen Genl in Madras has sub? to Govt of India a revised scheme for the Dist Deptt proposing that the pay of the Civil Surgeons should be

350, 450 550 & 700

Our Mysore Scale is

350, 450 & 600

which, on the whole compares favourably with that of the Madras proposed scale..

4. We have now

13 Asst Surgeons - and 6 Sub Asst Surgeons - I propose to have 20 Asst Surgeons (including the

I have considered them two or three
very carefully & committed
Dr Pearson on one or two
points on which I wanted
information - I generally
concur with him in his
proposals which maybe

I think it unnecessary
to have another class of officers
with the designation of Apothecaries
the qualifications of them are
nearly the same as but apoth
Surgeons who are either Licentiate
or Graduates in Medicine and
may therefore be incorporated
with them. Dr Pearson has no objection

It is very necessary to
have a special class of
Honorary apothecaries -
I would fix this number
at 10 in consideration of the
large number of Hospital
apothecaries whom it is proposed
to employ. They may rise

 appointed to this grade ^{of 80% of} they will
 be understood that their ^{honorary} app'ts
 are to be given only to such

 and are deserving of this special
 recognition - When one a
 Hospital app't is admitted into
 this grade he must be able to
 reach the maximum in a stated
 time so as to reap the benefit
 of it when he retires on pension
 without reference to vacancies -
 Dr. Benson has also expressed
 his concurrence in this view

The Spl. Officer. Vj. Mkr,

 their promotions along with other
 Officers of their rank - Their
 promotion to the rank ^{and emoluments} of District

The Senior Surgeons proposals are on the whole very reasonable - The object of the scheme is to make ~~sure~~ ^{sure} ~~enough~~ ^{enough} ~~in their dept~~ ^{in their dept} nearly the same as in other dept & to offer some definite prospect of promotion to the various grades
 — The salient points are

- 1st — The distinction between qualified & other ^{Arts} ~~Arts~~ is necessary. For the former we have prescribed a high Med^l Degree & he must adhere to this. Therefore reward special merit in the non-qualified list, we want some ^{& substantial} ~~Arts and~~ ^{Arts and} ~~surgeons~~ ^{surgeons} ~~in~~ ⁱⁿ ~~the~~ ^{the} ~~list~~ ^{list} ~~but~~ ^{but} ~~appt~~ ^{appt} ~~shd~~ ^{shd} ~~be~~ ^{be} ~~made~~ ^{made} ~~to~~ ^{to} ~~Special~~ ^{Special} ~~Selection~~ ^{Selection}.
- 2^d — For the Special list of women doctors (with degrees less than those prescribed for ~~Arts & Surgeons~~ ^{Arts & Surgeons}), we may have the ~~Arts & Surgeons~~ ^{Arts & Surgeons} grade preserved - I wd. like some better designation than ~~Arts & Surgeons~~ ^{Arts & Surgeons}. Why not call them "Lady Sub-~~Arts~~ ^{Arts} Surgeons"? This wd. be very appropriate - It will not mean that for women we prescribe a lower grade for them for men.
- 3^d — We shd. definitely lay down what promotions shd. go by vacancy, & what by length of service. Dr Benson's proposals in this matter seem generally suitable.

found on 8/7/97? If so I
 don't see why they should
 be withdrawn: when
 the order of 23 Sept/97 was
 proposed there was a
 reminder: a) of discrepancy
 on this point and the
 decision, at my instance,
 agreed that the Local Admin
 Board from 8/7/97 need not

 for this reason the case of 28.2.98
 was proposed in the case
 of Lady Aislinn. The same
 reason holds good in both
 cases.

2. With reference to
the above, the Senior

a reconsideration
of the orders passed
in the case of S. Venkoba

represented that "in sanctioning the Revision scheme of the Medl Dept, Govt have conferred a lasting boon on the members of the Dept, and it is hard that where so many have been benefitted, two should be excluded from any benefit whatever for no fault of their own." This letter was filed. (Please see orders of the Dewan on paper Serial no 21 in part I).

3. With his letter no 1731 of the 10th October, 1900, the Senior Surgeon forwarded an applu from the said S. Venkoba Row, and recommended the transfer of his services to the Edu Dept on promotion, as prayed for by the applicant.

Thereupon the Inspector General of Edu in Mysore
and

26 and the Principal of the Central College, Bangalore, were requested to report whether there was any opening for the applicant in their dept.

In reply, the Inspector G.L. states that it will be difficult, almost impossible, to give a place in ~~Class~~ C. Class IV (Rs: 50 rising to Rs: 100) to the applicant in his dept without overlooking the claims of those already in the Dept and that moreover there is no vacancy at present in that class; and

the Principal of the Central College says that he has received an apply from S. Venkoba Row for the post of Manager of the Students' Hostel now nearing completion, conjoint with some post in the college, but that in the face of the Senior

Senior Surgeon's letter No 2037 27
 of the 3rd instant, in
 which he says "the
 Hospital Appt has done
 good service but the
 chances of promotion
 for him in this Deptt
 have been declared
 by Government to be nil",
 it is impossible for him
 to recommend Venkoba
 Row's entertainment
 in the College, if he is
 unworthy of any promotion
 in the Med Deptt where
 he has already served

Bangalore
 18th April 1897

Sir No 26

I have the honor to submit
 for your favourable consideration
 and recommendation to Govern-
 ment the following memorial
 praying that I may be ranked
 senior to Mr S. V. Ramaswami Iyer
 in the gradation list

I entered the service as Sub.
 Assistant Surgeon 2nd grade in
 June 1888 on the express assur-
 -ance of the then Senior Surgeon
 and Sanitary Commissioner
 Dr J. J. Macfarlane that every one
 who entered the service would

begin service as ^{Sub Assistant Surgeon} Sub Assistant Surgeon.

I joined the service in the hope of attaining to the grade of a Civil Surgeon in a reasonable period of time. There are only a few appointments of Civil Surgeons and the loss of even a single step is probably not recoverable in one's lifetime.

When I had more than 4 years service in the department and 3 years service as Assistant Surgeon 3rd grade and District Medical Officer I was undeservedly superseded by the appointment of Mr Ramaswami Iyer in October 1892 as Assistant Surgeon 2nd grade. Mr Ramaswami Iyer obtained the M.B. & Ch. degree a year later than myself both of us having been classmates in the Madras Medical College.

I regret the necessity I am under to have to submit in justification to myself that Mr Ramaswami Iyer's subsequent acquirement of a diploma from an examining body.

body in ³¹Edinburgh, should not stand in the way of my higher claims of having worked for more than 5 years in the General Hospital Madras and the State Hospitals of Mysore.

I need not refer at length to what is well known to you viz that Medical Officers with qualifications similar to those of Mr Ramasami Guppar, always rise from the last grade in the Madras Medical Service.

I trust that the mere lapse of time in the submission of this representation will not, in the consideration of the gracious Government, be a bar to the granting of my just claims.

Though Mr Ramasami Guppar's Appointment has not till now retarded my promotions in the grade of assistant Surgeon, the same being dependent on the length of service, yet it has rendered my future prospects of promotion to the grade of

a civil Surgeon more ^{deserving} than they would have been otherwise, as promotion to the grade of civil Surgeon is always determined by vacancy and not by length of service.

If Mr Ramasami Iyer had been given an appointment outside the grade I should have no cause to complain even if the post carried with it the pay of a civil Surgeon.

My present position in the Civil list below Mr Ramasami Iyer is a real hardship to me. Now that Mr Ramasami Iyer & myself are in the same grade time has come for pointing me the redress I pray for and for rectifying the unintended supersession without hardship to any one.

Under these circumstances I request you to kindly address the Government for a favourable consideration of my prayer to be ranked Senior to Mr Ramasami Iyer.

I have the honor to be

Yours most obedient servant

The Senior Surgeon & Secy. Commissioner
with the Government of Mysore.

The Secretary to Government
General & Revenue Department

Sir,

I have the honor to submit for the
consideration and orders of the Government
the accompanying statement containing
my proposals for the revision of the
Medical Department of the Province.

2.- Since the Rendition which took place
in 1881, the work in every Department has
been steadily increasing, the result
being that almost every department
has had to be strengthened and many
of them completely reorganised as regards
pay and prospects.

The Medical Department which
was organised soon after the Rendition
has since been strengthened from time
to time by a number of officers, in
proportion to the demands of increased
work but the pay and prospects of its
officers remain the same thereby causing
no little discontent, and I feel that the

time

34

unic has arrived when the pay and prospects of these Officers should be put on a level with Officers of their Status in other branches of the Service.

4.- In 1881, when the salaries of the Officers in the Medical Department were fixed, it was supposed by the authorities that they would realise a considerable amount by private practice; and consequently their salaries were fixed at a lower scale than those of Officers in other Departments.

5.- After 14 years service in Mysore, I am quite convinced that this supposition was an erroneous one, for, with the exception of one or two fortunately situated men, none of the Officers derive any material addition to their present small pay by private practice, and that this is not due to want of popularity I am quite sure of, for many of them are most popular.

6.- One of the most popular of them assured me that if he were paid only 8 annas for each visit he made, he could afford to give up Government Service but the fact was that scarcely
any

34

time has arrived when the pay and prospects of these officers should be put on a level with officers of their status in other branches of the Service.

4.-- In 1881, when the salaries of the officers in the Medical Department were fixed, it was supposed by the authorities that they would realise a considerable amount by private practice; and consequently their salaries were fixed at a lower scale than those of officers in other Departments.

5.-- After 14 years service in Mysore, I am quite convinced that this supposition was an erroneous one, for, with the exception of one or two fortunately situated men, none of the officers derive any material addition to their present small pay by private practice, and that this is not due to want of popularity I am quite sure of, for many of them are most popular.

6.-- One of the most popular of them assured me that if he were paid only 8 annas for each visit he made, he could afford to give up Government Service but the fact was that scarcely any

any body paid anything at all. A

Medical Officer's usefulness is to a certain extent judged of by his popularity, and to avoid being unpopular they rarely enforce payment even in the case of those who can well afford to pay.

7.-- Medical Officers moreover derive little or nothing in the shape of travelling allowances, whereas in the case of Executive Officers of the Revenue, Police, Forest, and Public works Departments the amount thus realised forms no inconsiderable portion of their income. Seeing then that Medical Officers are worse paid than their brother officers in other Departments, and that in addition to this they gain little or nothing by private practice or travelling allowances, it is but fair that they should be placed, as regards salaries, on equal footing with officers of other Departments and it is for this reason that I have thought fit to address Government on this subject with the hope that their grievances may be righted.

I believe these
travelling costs
are the whole of
their all^{ys}. Some
spend in travelling
more than all^{ys}
it even is
a cardinal principle
that T.A. are
not intended as
addⁿ to income
but to cover
expenses only

8.- The subjoined statement shows at a glance, how the salaries of the officers of the Medical Department compare with those of other Departments in their corresponding grades.

Sub Division Officer	_____	600.
- do - Judges	400 - ⁺ 500	- 600
Executive Engineers	400 - 500	- 600 - 750
Deputy Conservators	400 - 500	- 600.
Civil Surgeons	$\left\{ \begin{array}{l} \text{Present pay} - 350 - 450 - 500 - 600 \\ \text{Proposed - do} - 400 - +500 - 600 \end{array} \right.$	
Assistant Commissioners	250 - 300 - 400	- 450.
- Muniffs	200 - ⁺ 250	- 300.
Assistant Engineers	200. - 250. - 300.	
Asst ^{ts} Conservators	200 - 250 - 300	
Assist ^{ts} Surgeons	$\left\{ \begin{array}{l} \text{Present pay} - 100 + 50. - 150 + 50. - 200 + 50 \\ \text{Proposed - do} - 150. - 200. - 250. - 300. \\ \text{(Consolidated)} \end{array} \right.$	
Sub Asst ^{ts} Engineers	60 - ⁺ 80	- 100 - 150
- " - Conservators	_____	100 - 150
Sub asst ^{ts} Surgeons	$\left\{ \begin{array}{l} \text{Present pay} - 70 + 30. - 90 + 30. \\ \text{Proposed - do} - 70. - 80. - 90. - 100. \end{array} \right.$	

9.- The object of my proposals for the improvement of the pay^{te} of officers in my Department is, to make them

Conform

37.
conform as nearly as possible with that
of officers in other ^{of the} Departments.

10.. At the present time there are 4
Civil Surgeons, the most Senior of whom,
is only about 35 years of age, and as he
possesses a good life, he will in the
ordinary course of events remain in
the Service until he is 55 years of age.
In like manner the two next on the
list will remain as long, so that for all
practical purposes these two Grades are
blocked for the next 20 years and the
only chance of any of the Assistant
Surgeons getting one of these appointments
is by the death, or retirement in conse-
quence of sickness of one of the present
incumbents.

11.. To remedy this block I would
propose that the number of Civil
Surgeons be raised to (8) eight, that
is, a District Medical Officer to each
District, the same as obtains in the
Madras Presidency, and I would
recommend that they be granted
the

we started with
2 C. Surgeons.
now have 4 1/2

the following Salaries.

REPLY, E. I. 58132

1. 1st Grade-- on -- 600
3. 2nd -- " -- " -- 500
4. 3^d -- " -- " -- 400

These
Classes not
Grady -

(This would conform with the salaries of Sub Judges, Deputy Conservators of Forests and Executive Engineers).

12.- For the present however there would be only 4 District Medical officers, the remaining 4 would only be filled up by Assistant Surgeons after they have completed 3 years approved service in the 1st Grade, and so, that for the next 3 years the number of Civil Surgeons would remain as they are viz 4 - I would recommend that the period of service qualifying for promotion in each grade of Civil Surgeon should be 3 years approved service and then subject only to a vacancy. In the Senior Grades, as also in the other grades, should no vacancy occur after 3 years approved service.

[Signature]
[Signature]

I would recommend that an allowance be granted similar to that given in the

39
The Public Works Department

13.- As regards Assistant Surgeons I would propose that their salaries should in like manner be made to conform with those of officers in other Departments e.g.

1 st . Class	300
2 ^d — " —	250
3 ^d — " —	200
4 th — " —	150

In these 4 classes there would be

1 st . class	111
2 ^d . — " —	7
3 ^d — " —	9
4 th . — " —	4

This number includes the present Sub-Assistant Surgeons who will henceforth be termed Assistant Surgeons 4th. Class. The service necessary in each grade to qualify for promotion should in my opinion be 3 years approved service.

14.- In order to improve the status of those 1st. class Hospital Assistants of whom there are 11 all of whom ^{who}

who possess the degree of ^{1st} L. M.S. and whose degrees are identical with many of the Assistant Surgeons, but who for want of better chances of employment were willing to accept the post of 1st class Hospital Assistant on Rs 60+10 for independent charge. I propose changing their designation to that of Sub Assistant Surgeon and dividing them into 4 grades eg.

1 st Grade	—	Rs. 100.
2 ^d — "	—	90.
3 ^d — "	—	80.
4 th — "	—	70.

(These salaries are lower than those of Officers of similar rank in other Departments) By this change only a trifling increase in their salaries is incurred, whilst their designation (which I am led to believe is their main cause of grievance) is materially im-

proved. I am of opinion that no allowance be granted for charge of a Local Fund Dispensary. to these Officers

X

15. There are at present in the Department 11 Subordinates who are styled Hospital

Hospital Assistant of whom ⁴there are now
 all of ~~25~~ ²⁵ ~~25~~ ²⁵ ~~25~~ ²⁵ whom possess the
 qualification of Apothecary, and whose
 present pay is Rs: 60/- per mensem,
 with an allowance of Rs: 10/- if they
 happen to be in independent charge
 of a Local Fund Dispensary. For this
 class there is absolutely no prospect of
 promotion, and unless something is
 done for them, on this salary they
 must remain for the rest of their
 Service; what they ask for and I
 think they thoroughly deserve, is 1st.
 Change of designation, 2nd. some prospect
 of an increase in pay. To remedy the
 former I propose changing their
 designation from Hospital Assistant
 to what they really are viz Apothecaries.
 To remedy the 2nd. I propose that they
 be divided into 4 Grades on the
 following Salaries viz

1 st Grade	150.	140
2 ^d — " —	125	
3 ^d — " —	100	
4 th — " —	75	

X ||

and that they draw the usual Local
Fund

Hand allowance. - The ^{1st} period necessary
to qualify for promotion from one
Grade to the other - I propose - should
be as follows

From 4th Grade to 3^d - 5 years

— " — 3^d — " — 2^d - 7 — " —

— " — 2 — " — 1st - 7 — " —

so that in 19 years they would draw
Rs. 1500. This scale is almost identical
with that in force in the Madras
Presidency

16. - The last though not the least
important of the ^{members of the} service to be consi-
dered are the Hospital Assistants
who start life on Rs. 25/- per mensem
and after 14 years approved Service
rise to the grade of 1st class on Rs. 60/-
+10 for independent charge, and there, their
prospects of promotion end unless there
is a vacancy in the Senior Hospital
Assistants Grade, in which there are at
present 3 middle aged men who are
quite equal to putting in 10 more years
Service.

17. - There are many 1st class Hospital
Assistants with long Service who deserve
advancement

they should share with ^{HH} officers of other
departments equal prospects of pay
and promotion

I have the honor to be

Sir

Since the organisation of the local medical department assistant Surgeons have been promoted to the grade of Civil Surgeons as vacancies in the latter grade occurred. If Doctor Mr. Gann had been permitted to revert to ~~the~~ British Service in 1892 I would have been promoted to the grade of Civil Surgeons then, and by this time I would have risen to the Second Grade of Civil Surgeons. I have officiated in the last grade of Civil Surgeons on five different occasions for three months at a time and continuously for thirteen months since the 30th March 1896.

In consideration of my having been ~~back~~ back for no fault of mine and ~~my~~ my actual Service in the last grade for 28 months, I beg you will be pleased to move the Govt for my Confirmation in the Second Grade of Civil Surgeons.
A Civil Surgeon in the third grade

has to put in five years Service to merit
 promotion to the Second Grade. I have
 put in Two Years and four months actual
 Service and the concession I pray for
 if it meets with the approval of Gov^t,

As Mr. Ramasamy now who was lately entered would also by being put above Senior officers. In view to the same circumstance, it occurred to me that it would be better seeing that these two Assistant Surgeons are in charge of special institutions that they should be placed in a separate scale, so that those who have been, or would be superseded will have no further cause for complaint.

I am of opinion that they should be entitled to precisely the same scale of pay and promotion as is recommended to other officers of their grade up to the grade of 1st Grade Assistant Surgeon. After 3 years in that grade I would recommend

Proceedings of the Government of Mysore.

READ:—

Let ☐ No. 935, dated 3rd May 1897, from the Senior Surgeon and Sanitary Commissioner with the Government of Mysore, submitting a proposition statement containing certain proposals for the revision of the Medical Department of the State.

2. Letter No. 973, dated 13th May 1897, from the same Officer, suggesting that the two Assistant Surgeons in-charge of Special Institutions be placed in a separate grade, with the same salaries and prospects of promotion, as Assistant Surgeons on ordinary medical duty.

No. 3868-9—Mis. 736, DATED, BANGALORE, 23RD SEPTEMBER 1897.

ORDER THEREON.—The present Medical Establishment of the State consists chiefly of Officers employed under the re-organization scheme, sanctioned in Government Proceedings No. 835-7-4, dated 5th May 1884, the only important modifications since made being:—

- (1) The creation of a grade of Senior Hospital Assistants under Proceedings No. 7000-1--72, dated 26th January 1887.
- (2) The institution of a grade of Sub-Assistant Surgeons under Proceedings — No. 2946-7, dated 26th March 1888, with pay and allowances subsequently fixed by Proceedings No. 2231-2-14, dated 6th July 1888; and,
- (3) The appointment of a Special Civil Surgeon on a salary of Rs. 600.

2. The Senior Surgeon now submits certain proposals for strengthening the Medical Service of the State and improving the pay and prospects of the members of the various grades constituting it. Having given these proposals their most careful consideration, Government are of opinion that they are on the whole very reasonable. The object of the scheme is not only to add to the number of superior Officers to the extent called for by present requirements, but also to make the emoluments in the Medical Department nearly the same as in other departments, and to offer some definite prospect of promotion to the various grades of Medical Officers.

3. *Civil Surgeons.*—In addition to the Special Civil Surgeon on Rs. 600 above referred to, there are now three classes of Civil Surgeons on Rs. 500, 450 and 350. There are no Officers in the 1st Class, while there are two in the 2nd Class and one in the 3rd. The Senior Surgeon proposes to do away with the special appointment and to have three classes on Rs. 600, 500 and 400, respectively.

Government are pleased to direct that the scale of Civil Surgeons be fixed at present as follows:—

One in the 1st Class on Rs. 600 and three in the 2nd Class on Rs. 500.

Promotion from one class to another will be by vacancy and not by mere efflux of time.

The question of increasing the number of Civil Surgeons from four to eight by having a 3rd Class on Rs. 400, with the object of providing prospects of promotion to deserving Assistant Surgeons, requires no decision at present.

Civil Surgeons will be appointed by selection and according to merit.

4. *Assistant Surgeons.*—The total number of Assistant Surgeons is at present twelve, besides the two specialists who will be separately dealt with. Surgeon Lieut.-Colonel Benson's proposal to raise this number to 17 is approved. The salaries attached to Assistant Surgeons have hitherto been as follows:—

			Rs.
1st Class	...	...	200+50
2nd Class	...	...	150+50
3rd Class	...	...	100+50

There will in future be four classes of Assistant Surgeons on consolidated pay as shown below:—

			Rs.
1st Class	...	...	300
2nd Class	...	...	250
3rd Class	...	...	200
4th Class	...	...	150

Proceedings of the Government of Mysore,

Assistant Surgeons will rise from one class to another after three years' approved service. As, in future, all persons entering the higher branch of Medical Service will ordinarily begin as Sub-Assistant Surgeons, there will be no difference in point of period of approved service required for promotion from the last class of Assistant Surgeons to the next higher class, between a Madras M. B. or Bombay L. M. S., and a Madras L. M. S.

5. *Specialists.*—There are two Specialists on Rs. 150 + 50 + 50 and Rs. 150 + 50, respectively, namely, Mr. S. V. Ramaswamayengar, M. B., C. M., L. R. C. P. & S. (Edin) L. F. P. and S. (Glasgow), who is in charge of the Eye-Infirmity and Mr. M. Srinivasa Rao, M. A., M. B., C. M. & B. Sc. (Edin.), who has recently been appointed Chemical Examiner and Bacteriologist. The Government are pleased to sanction the following consolidated salaries for them, namely:—

For Mr. S. V. Ramaswamayengar, Oculist, Rs. 300 for all duties, the present allowance of Chief Assistant to the Senior Surgeon being abolished; and—

For Mr. Srinivasa Rao, Chemical Examiner and Bacteriologist, (also for all duties) Rs. 200 rising to Rs. 250 after three years' approved service, from the date of his first appointment (12th December 1896) and to Rs. 300 after a further approved service of three years.

Their prospect of further promotion whether as Specialists or in the General Medical Service need not now be defined.

6. *Sub-Assistant Surgeons.*—There are now two classes of Sub-Assistant Surgeons on Rs. 90 + 30 and Rs. 70 + 30. In future these officers will be placed in three classes on consolidated pay as follows:—

1st Class on Rs. 120, after two years' approved service in the 2nd Class.

2nd Class on Rs. 100, after two years' approved service in the 3rd Class in the case of an M. B. of the Madras University or L. M. S. of the Bombay University, and three years' approved service in the case of an L. M. S. of the Madras University.

3rd Class on Rs. 80.

There will be twelve Sub-Assistant Surgeons instead of six. The promotion of a Sub-Assistant Surgeon to an Assistant Surgeonship will be regulated by vacancy and merit and not by time. All persons to be appointed to the grade of Sub-Assistant Surgeons must have passed the Madras M. B. Examination or the L. M. S. Examination of Bombay or Madras.

7. *Apothecaries.*—For the special benefit of woman-doctors with Apothecary qualifications but not possessing the degree qualifications prescribed for Sub-Assistant and Assistant Surgeons, the institution of a grade of Apothecaries will be sanctioned with salaries as per scale below:—

	Rs.	
1st Class	150	} To rise from one class to the next higher by approved service of five years.
2nd Class	125	
3rd Class	100	
4th Class	75	

The Senior Surgeon's proposal to promote male Hospital Assistants with Apothecary qualifications to the grade of Apothecaries does not commend itself to Government.

8. *Honorary Sub-Assistant Surgeons and Assistant Surgeons.*—As a reward for special merit among Apothecaries and Senior Hospital Assistants, Government will, from time to time, make such honorary appointments from among them as may be deemed desirable, to particular classes of Sub-Assistant Surgeons and Assistant Surgeons, and advance them in due course to higher classes in the same grades. The scale of such honorary appointments will, for the present, be fixed as follows:—

	Rs.
1 Honorary Assistant Surgeon (4th Class) on	150
1 Do Sub-Assistant Surgeon (1st Class) on	120
2 Honorary Sub-Assistant Surgeons (2nd Class) on	100

General, dated 23rd September 1897.

9. *General.*—The scheme sanctioned as above will be given effect to from 1st October 1897.

No allowances, other than those included in the consolidated salaries now fixed, will be affected by this revision.

10. *Appointments and Promotions.*—Under the scale as now revised the following appointments and promotions will be ordered:—

Mr. D. A. Choksi, L. M. S., Special Civil Surgeon	To be Civil Surgeon, 1st Class, on Rs. 600.

(2) Letter No 973 dated 13 May 1897 from the same Officer, suggesting that the two Assistant Surgeons in charge of Special Institutions be placed in a separate grade with the same salaries and prospects of promotion as Assistant Surgeons on ordinary medical duty.

Order No 3868-5 212

The present Medical Establishment of the State consists chiefly of Officers employed

employed under the re-organization scheme sanctioned in Govt. Proceedings No 885-7-4 dated 5th May 1884, the only important modifications since made being -

- (1) the creation of a grade of Senior Hospital Assistants under Proceedings No 7000-1-72 dated 26th January 1887,
- (2) the institution of a grade of Sub Assistant Surgeons under Proceedings No 2946-7 dated 26th March 1888, with pay and allowances subsequently fixed by Proceedings No $\frac{2231-2}{14}$ dated 6th July 1888, and
- (3) the appointment of a Special Civil Surgeon on a salary of Rs. 600.

The Senior Surgeon now submits certain proposals for strengthening the Medical Service of the

✓

the State and improving the pay and prospects of the members of the various grades constituting it.

Having given those proposals their most careful consideration, Government are of opinion that they are on the whole very reasonable.

The object of the Scheme is not only to add to the number of superior officers to the extent called for by present requirements, but also to make the emoluments in the Medical Department nearly the same as in other Departments and to offer some definite prospect of promotion to the various grades of Medical officers.

Civil Surgeons.

In addition to the Special Civil Surgeon on Rs. 600 above referred to, there are now three classes of Civil Surgeons on Rs.

Rs 500, 450 and 350. There are no officers in the 1st class, while there are two in the 2nd class and one in the third. ~~The Senior Surgeon~~ ~~& Messrs~~ proposes to do away with the special appointment and to have three classes on Rs. 600, 500 and 400 respectively.

Government are pleased to direct that the scale of Civil Surgeons be fixed at present as follows:-

- 1 in the 1st class on Rs. 600 &
- 3 in the 2nd class on Rs. 500.

Promotion from one class to another will be by vacancy and not by mere efflux of time. Government are not prepared to grant any allowances to officers whose promotion is retarded by non-occurrence of vacancy.

The question of increasing the number of Civil Surgeons from four to eight by having a third class ^{on Rs. 400} with the object of providing prospects of promotion

promotion to deserving
 Assistant Surgeons, ~~will~~
~~be reserved for future~~
 requires no decision at present

Civil Surgeons will
 be appointed by selection
 & according to merit

Assistant Surgeons.

The total number of
 Assistant Surgeons is at
 present twelve, besides the
 two Specialists who will
 be separately dealt with.
 (X) ^{Surgeon General of} Benson's proposal to
 raise this number to 17
 is approved. The salaries
 attached to Assistant Surgeons
 have hitherto been as follows:

1st class - Rs. 200 + 50

2nd class " 150 + 50

3rd class " 100 + 50.

There will be ^{in future} four classes
 of Assistant Surgeons on
 consolidated pay as shown
 below :-

1st class Rs. 300

2nd class " 250.

3rd class " 200

4th class " 150.

Examiner and Bacteriologist

~~Rs 250 rising to Rs 300 after
three years approved service.~~
Their further prospect of
promotion - whether as
Specialists or in the General
Medical Service - need not
now be defined

Sub Assistant Surgeons

There are now two
classes of Sub Assistant
Surgeons, on Rs 90 + 30 and
70 + 30. In future these
Officers will be placed in
three classes on consolidated
pay as follows: -

1st class, on Rs. 120, after two
years approved service
in the 2nd class.

2nd class, on Rs. 100, after two
years approved service
in the 3rd class in the
case of an M.B. of the
Madras University or
L. M. S. of the Bombay
University

Assistant Surgeons will rise from one class to another after three years approved service. As, in future, all persons entering the higher branch of the Medical Service will ordinarily begin as Sub Assistant Surgeons, there will be no difference in point of period of approved service required for promotion from the last class of Assistant Surgeons to the next higher class, between a Madras M.B. or Bombay L. Rs 150 + 50 + 50, 150 + 50 respectively

to draw the usual local fund allowance for charges of dispensaries.]

The Senior Surgeon's proposal to promote male Hospital Assistants with apothecary qualifications to the grade of Apothecaries does not commend itself to Government.

Honorary Sub-Assist^{ts}
Surgeons and Assist^{ts}
Surgeons.

As a reward for special merit among Apothecaries and Senior Hospital Assistants, Govt. will, from time to time, make such honorary appointments from among them as may be deemed desirable to particular classes of Sub Assistant Surgeons and Assistant Surgeons, and advance them in due course to higher classes in the same grades. The scale of such Honorary appointments will, for the present be fixed as follows:—

1 Honorary Assistant Surgeon
(4th class) on Rs. 150.

1 Honorary Sub Apisst Surgeon
(1st class) on Rs. 120.

2 Honorary Sub Apisst Surgeons
(2^d class) on Rs. 100.

The Scheme sanctioned General
as above will be given effect
to from 1st October 1897.

No allowances other than
those included in the con-
solidated salaries now fixed,
will be affected by this
revision.

The list of Medical
Officers as now revised, will
stand as follows:-

Appointments &
promotions.

Civil Surgeons.

1st class on Rs 600-

Mr D. A. Kolsi L.M.S.

With reference to the last part of para 7 of G.O. No 3868-9 of 23rd September 1897 sanctioning the new Revision Scheme of the Medical Department I have (even at the risk of receiving a rebuke) the honor to address Government on behalf of the two subordinates who have been so unfortunate as to be the only members of the Department who have not at the present time (nor can in the future) derive any benefit from the Revision Scheme which has done so much to make the members of the Department Contented.

to be extremely hard -
that they should have absolutely nothing
to look forward to for the rest of their
service.

3. They are the only two male subordinates
belonging to the apothecaries grade and
as Government have now practically
established that grade for lady Doctors
I would most respectfully beg of Government
to kindly reconsider their decision and
grant these two unfortunate subordinates
the same pay and status as is sanctioned
for the Lady Doctors

4. The other alternative which suggests
itself to me for improving their prospects
is by promoting them to the grade of Senior
Hospital apothecary but by so doing I think
I should be acting unjustly by depriving
other subordinates of much longer service
and who have done most excellent work.
Of three appointments which Government
have sanctioned as an inducement for
good work and which they have every
right to look forward to and which
appointments would be practically
blocked for many years if younger
men

and shorter service men (such as the
two subordinates referred to are) were
placed above them.

5. In sanctioning the Revision scheme
of the Medical Department Government
have conferred a lasting boon on
the members of the Department and
it is hard ^{that} where so many have been
benefitted two should be excluded from
any benefit whatever for no fault of
their own.

In forwarding the accompanying letter No. 1301 of 7th instant with enclosures received from the Civil Surgeon, Bangalore, I have the honor to state that in my letter No. 935, dated Camp Bangalore 3rd May 1897, regarding revision of Establishment I recommended that the Lady apothecaries should continue to draw their allowances for holding independent Charges. In the case of Mrs. Sondaramah Chansingh and Mrs. Esther Moore though not in independent Charge Government were pleased to sanction on the recommendation of my predecessor a monthly allowance of Rs 10/- so that they were placed on the same footing as the other Lady
